How can I avoid getting the novel coronavirus (COVID-19)?

Right now, the risk of getting the novel coronavirus (COVID-19) is very low in the U.S.

Steps you can take to prevent the spread of flu and the common cold can also help prevent the spread of the coronavirus.

- Wash your hands often with soap and water.
- Avoid touching your eyes, nose and mouth.
- Avoid contact with sick people and stay home if you're sick.
- Cover your mouth and nose with a tissue or sleeve when coughing or sneezing.
