January 28th, 2020

**FOR IMMEDIATE RELEASE**  
**Sign up to be notified of vaccine availability**

Coos Health & Wellness is making preparations for the next phase of vaccinations of Phase 1B and Phase 2 populations as indicated by Oregon Health Authority. For details on who will be included in these phases please see the vaccine eligibility at <https://cooshealthandwellness.org/public-health/covid-19-vaccine-information/>

We have created two links that will help give Coos Health & Wellness the information it needs to be able to contact those who will qualify next. This form will only take a few moments to fill out. Please make sure you are entering accurate information. We will use this information to reach out to you or your organization once you are eligible and Coos County facilities have the supply of the vaccine. You will receive a confirmation email when your information is entered.

Please follow Coos Health and Wellness on social media to stay up to date on the latest news and information regarding the COVID vaccine in Coos County. We will continue to post what groups are currently eligible. This does not mean that there is vaccine available for everyone in that group. If you have filled out the form, and become eligible, but have not gotten a call, please be patient with us as we may be waiting for vaccines to become available.

-If you are an individual that is eligible in Phase 1B (Seniors, individuals with underlying health conditions impacted by COVID, essential workers) please fill out the link for individuals.

-If you are an essential business owner/manager including childcare providers and early learning centers, government administrator, non profit executive please fill out the organizational link.

Forms are on the Coos Health & Wellness Website at <https://cooshealthandwellness.org/>
