TOGETHER WE CAN GET COOS COUNTY VACCINATED

For more information visit: cooshealthandwellness.org

Coos County vaccine administration is moving quickly due to the partnership of many area agencies. Bay Area Hospital, Bay City Ambulance, Bay Clinic, Coast Community Health, Coos Bay Fire Department, Coos Health & Wellness, Coquille Valley Hospital, North Bend Medical Center, Nova Urgent Care, Southern Coos Hospital, and Waterfall Health Clinic. Providers may list vaccine appointment sign up information on their social media or website. Many pharmacies also have vaccine including BiMart, Broadway Pharmacy, Fred Meyer, Rite Aid, Safeway, Walmart, and Walgreens. Most pharmacies are scheduling through their websites.

Please see a list below for current appointment links. Keep current on other opportunities through our Social Media as we do share information on vaccine events when it becomes available.

In Coos County, approximately 67% of adults over 65 have received at least 1 dose of vaccine. There have been approximately 42% of the total adult population in Coos County who have received at least one dose of vaccine as of today's data.

We will be moving away from maintaining the pre-registration list to notify you of events that you qualify for and will move to a more open approach to making appointments. If you are on the list and have not yet received a vaccine, you will still receive information to assist you in making an appointment for future events.
